Dear Roll customers:

Great news! I now am able to access my website at <http://home.earthlink.net/~rollertunes> and now the Spring 2017 roll auction is there for you to look over and hopefully make some bids. Please go there now; look over the list and hopefully make lots of bids on some fantastic music rolls. Thanks!

**What is new on the roll auction?**

1. We have been consigned a fantastic collection of **Ragtime, Blues, Jazz** and other great rolls as well as some Welte, Ampico, and Duo art rolls from the estate of a long time collector. There are over 1,000 fantastic rolls. Some of the rolls we have listed on eBay and others are on the roll auction. So bid today and don't miss out on some excellent rolls. Check both the roll auction and check weekly on eBay as we will be continuing sales for the next few months until the collection is fully dispersed. Thanks!
2. We are having a **GREAT big sale** on all the rolls left from auctions 46 to 52 on the website and we are lowering the minimum bids on all the rolls; Reproducing as well as the 88 note rolls

All reproducing rolls from auction 46 to 52 have been lowered to a minimum bid of \$3.00 and those that are lower than \$3.00 the bid has been lowered to a minimum bid of \$1.00

All 88 note rolls from auctions 46 to 52 have been lowered to a minimum bid of \$1.00 each regardless of the original minimum bids

Understand of course that you may get a lot of great rolls for a \$1.00 minimum bid, but understand that someone may want that roll or rolls as well and may bid higher than a dollar. So bid accordingly if you want that particular roll or roll.

Also remember that if you don't like the particular roll, you can use the boxes, end tabs, roll leaders, flanges, etc to repair some of your rolls. You can't even get the parts for that price...

Both the consignors and I want to see all the rolls gone! So bid on a lot of them, or bring your truck down and fill it to the brim. We have lots of rolls and want to see them gone! Thank you!

Since the failure last year of our XP computer, we lost most of our email addresses. This morning we started out with only 48 known email addresses and we have now hopefully recovered about 50% of my lost email addresses. We hope we have yours? We may have inadvertently added some names who don't collect player piano rolls. If we are sending this list and you don't collect player piano rolls, please let me know and I will remove you from this list. I apologize for sending it. Thanks.

If you no longer collect music rolls and want to be removed from the list, please let me know and I will remove your email from this list. Thanks.

In any event have fun looking over the list and we hope you find some great rolls and wonderful bargains.

Musically,

Larry
